

For those of you who are still wondering if we are really going to renovate the Church House--we are!

-Look around the Church House and spot all the RED DOT items. They will be for sale, first come first served, at the February 12 Tag Sale. What we don't sell, we will try to give away to our Mission Partners or other not for profits. After that, things will be disposed of.

-Ministries and volunteers have been busy packing up the contents of the Church House. Yesterday we had 15 volunteers packing, marking and moving boxes into Shields House and disposing items of no value in our huge dumpster outside the kitchen entrance. We continue to need volunteers to help pack over the next week and a half. What we do not need are more boxes. Our thanks to all who have donated boxes and packing materials!

-We need lots of able hands to help move all the boxes and other items from the Church House to Shields House and the Sanctuary Basement next Saturday, the 28th and again on February 4.

-Pivot will help move heavy items, and items going into to storage lockers during the week of February 6.

-You will probably start to see our construction managers put up fencing and move in equipment and materials starting on February 20

-Church House meeting rooms will not be available after January 31.

-The last Wednesday Night Dinner in Lund Hall will be on January 25.

Any questions, talk to Keith McKellop or David Montieth.
